BOOK BUYING'S A HEADACHE

We make it easier.

How to buy textbooks at the Illini Union Bookstore:

1. Bring your student schedule. It has all the information you'll need when buying books.
2. All the textbooks are arranged alphabetically by course title. The courses are listed in numerical order and are divided by course sections.
3. Every stack of books is coded by an INFORMATION TAG. The tag is pictured below and gives you some important information.
4. If you get confused or cannot find the books you need, ask the people in the "YES, I WORK HERE" vests for help. Their job is to help you and make your book-buying easier.

University Telephone Service

How to Make Calls from University Telephones (All Numbers Beginning 333- or 332-)

Calls within the University (to numbers beginning 333- or 332-)
Listen for the dial tone, then dial the last five digits of the listed number. For example, to call 333-0920, dial 3-0920.

Calls to the State Geological Survey
Dial 189, then the desired extension. For example, dial 189-001. If the connection is not completed, dial 9 + 344-1481.

Calls to Champaign-Urbana
Dial 9, then the complete seven-digit number. For example, to call 352-9981, dial 9 + 352-9981.

Long distance calls
For information about direct dialing for long distance station-to-station calls, for calls to Chicago and Springfield over the Tie Lines, and for Wide Area Telephone Service calls to all other cities in Illinois over the WATS lines, refer below.

Conference calls
For conference calls with one or more persons on or off the campus, dial 0 and give the operator the details of your call.

Service calls
Information: For University numbers not in the staff or unit directory, dial 0 for operator. For student numbers not in the student directory, dial 3-0920. For general University information, dial 3-4666. For local numbers not in the Champaign-Urbana telephone book, dial 9 + 411.

Assistance in making a call: For a call within the University, dial 0 for operator. For a call outside the University, dial 9, then 0 for operator.

Telephone repair service: Dial 9, then 352-9954.

Transfer of an incoming call: Depress the button (switchhook) in the cradle of your telephone for one second, and give the number, if known, to which to transfer the call. Also give the number to the calling party, as he may wish to replace the call if cut off accidently or held on the line too long.

Changes in or additions to your telephone service: Dial 3-1161.

Division of Telecommunications
For inquiries about telephone accounting, call Mrs. Lois Overmyer of the Division of Telecommunications, 333-2275.

Tie Lines to Chicago and Springfield for Official University Business

How to Use the Tie Lines

Calls to Medical Center and Chicago Circle
Listen for the dial tone, then dial 175. Then dial the last four digits of the telephone number you are calling. For example, to call 663-7127, dial 175 + 7127.

Calls to the city of Chicago (suburbs not included)
Listen for the dial tone, then dial 175. Then dial 9 and the seven-digit Chicago telephone number you are calling. For example, to call 924-1212, dial 175 + 9 + 924 + 1212.

Calls to State of Illinois capitol
Listen for the dial tone, then dial 176. Then dial the four-digit Centrex number you are calling. For example, to call 525-7813, dial 176 + 7813.

Calls to the city of Springfield
Listen for the dial tone, then dial 176. Then dial 9 and the seven-digit Springfield telephone number you are calling. For example, to call 544-9981, dial 176 + 9 + 544 + 9981.

Information and assistance when number is not known
For calls to the Medical Center or Chicago, dial 175 + 0. For calls to the state capitol in Springfield, dial 176 + 0. For information about all other numbers in the cities of Chicago and Springfield, see below.

Note
The caller will receive a busy signal when all lines are in use.

Wide Area Telephone Service (WATS) Lines to Illinois Cities (except Chicago and Springfield) for Official University Business ONLY

There is no toll charge for a call placed on the WATS lines if a line is available; however, if all lines are busy the call willl automatically be completed over the regular long distance network. Such calls will be identified by originating telephone number, and will be billed to the telephone number from which the call was placed. The department will thus be able to determine whether the call was a University business call or a PERSONAL call.

By automatically switching to regular long distance lines delays will be virtually eliminated, but nonbusiness calls can be identified and billed to the individual placing the call. It will be the responsibility of the department to notify Telephone Accounting, furnishing the date, place, number called, number the call originated from, and the dollar amount. Appropriate action will be taken against individuals who use the WATS lines for personal calls.

If it is necessary to place a personal long distance call from a University number, dial 9 + 0 and give the operator the residence number to which the call should be charged.

The WATS lines are NOT to be used for calls to Chicago or Springfield. Tie Lines are available for toll-free calls to these two cities.

Illinois Bell Telephone Company tariffs prohibit the users of WATS and Tie Lines from obtaining information by refusing to accept person-to-person or collect calls for the purpose of identifying the calling party and calling back on a WATS or Tie Line. This practice is in violation of Illinois Bell tariffs and can lead to discontinuance of the service for the violator.

How to Use the WATS Lines

Calls within area code 217
Listen for the dial tone, then dial 182. Then dial 1 and the complete number you are calling. For example, to call Decatur, dial 182 + 1 + seven digits of number.

Calls to other area codes in Illinois
Listen for the dial tone, then dial 182. Then dial 1, then the proper area code, then the complete number you are calling. For example, to call Peoria, dial 182 + 1 + 309 + seven digits of number.

Calls to places in Illinois which cannot be dialed direct
Listen for the dial tone, then dial 182. Then dial 0 and place the call with the special operator. The special operator will require the billing number 028-1611 to complete the call, although there will be no charge.

Note
The WATS and Tie Lines are for OFFICIAL BUSINESS ONLY. Departments will be charged for calls made to Illinois cities and elsewhere over long distance lines.

Third Number Billed Tolls

The University of Illinois Division of Telecommunications must comply with the restrictions established by the State of Illinois Department of General Services Division of Telecommunications, and these restrictions do not permit third number billed tolls to be billed to the University of Illinois administrative lines. (A third number toll is a long distance call billed to a telephone number other than the calling or called number.)

Collect Calls

Collect calls should be accepted only in emergency circumstances.

Direct Distance Dailing for Station-to-Station Calls

You can dial direct to most cities in the United States and Canada. Area codes for cities in Illinois are listed on page 3. A list of frequently called cities and their area codes appears on the introductory pages of the Champaign-Urbana telephone book. If the place you want to call is not listed, dial 9 + 0 for the operator and ask if the city can be dialed direct.

Long Distance Calls outside Illinois

Listen for the dial tone, then dial 9. Then dial 1 and the proper area code. Then dial the number you are calling. For example, to call New York City, dial 9 + 1 + 212 + seven digits of number. You will be charged for these calls.

Wrong Numbers Reached on Any Direct-Dialed Long Distance Call

If you reach a wrong number, ask what city you have reached. Immediately dial 9 + 0 and tell the operator what has happened. You will not be charged for the call if this procedure is followed immediately.

If You Do Not Know the Out-of-Town Number You Are Calling

You can dial direct for Directory Assistance in many cities across the United States. There is no charge for these calls. The Directory Assistance number — 555-1212 — is the same in every city that you can dial direct. For Directory Assistance in area 217, dial 9 + 1 + 555-1212. For Directory Assistance in a distant city, dial 9, then 1, then the appropriate area code, then 555-1212.

Anyone, Anywhere, Can Call You Direct If They Know Your Number

Give your complete seven-digit individual telephone number to everyone who calls you at the University. It will enable them to reach you quickly. It will be helpful to those who contact you if you include your telephone number on letters and other material you mail. Remind persons in distant cities that your area code is 217. Remember, your telephone number is not 333-1000. This is the number of the University of Illinois.

Residence Hall Telephone Service

Students residing in the University of Illinois residence halls will be billed monthly by the telephone company for all long distance calls charged to their telephone number. The bill will be sent to the room location with details provided on all individual long distance charges. Payments may be made in the self-addressed envelope provided with the bill or at the Illinois Bell office at 708 South Fourth Street or 310 West Church Street, Champaign.

The occupants of the residence hall room will be responsible for all long

distance calls placed from the room telephone. Full payment is due when statements are received. Delinquent accounts will be restricted to University calling only. This means you will be unable to make calls to or receive calls from any number other than a University number. If you and your roommate decide that you do not want access to long distance service from your room, please notify the telephone company by calling 333-9911.
